## Payment is expected at the time of service.

**We accept cash, check, discover, visa or mastercard.**

Notice of Privacy Practices is on the back side of this sheet for your records.

\* This information was given to us by your insurance company. You should also call your insurance company to verify your benefits. Discrepancies should be taken up with your insurance company, not PAT. These are just estimates and until we receive the Explanation of Benefits from your insurance company, we are unable to predict exact payments.

**IMPORTANT: ALL PAPERWORK MUST BE COMPLETED BEFORE YOUR CHILD'S EVALUATION!**

Dear Parent(s) or Guardian(s),

Pediatric Advanced Therapy is committed to providing you and your family with the best possible care. Please understand that our office policies are in place to ensure that we are able to continue to provide excellent care to all of our patients. Your understanding of these policies is a vital piece to your child's progress in treatment, and we invite you to ask if you have any questions at any time.

As a courtesy for our patients' families, we will call your insurance carrier before treatment begins to verify coverage and benefits. The information we obtain is not a guarantee of payment; your insurance will process the claims based on your specific policy, medical necessity, and any exclusions or limitations attached to your plan. It is important that you understand that you will be responsible for any charges not covered by your insurance plan including—but not limited to—deductible, co-insurance, and co-payments. In addition, many insurance plans have a maximum number of therapy visits covered per year, with anything in addition being the responsibility of the patient. We do have a reduced, self-pay rate that we will apply if/when this occurs.

I have read and understand the financial policy for Pediatric Advanced Therapy, and agree to be responsible for any charges accrued on my account. I agree to keep my account current by either paying at the time of service or within 30 days of invoice. I understand that a member of the office staff will always be available to answer any questions I may have regarding my account.

Attached you will find the information we received from your insurance company, with a quote of expected benefits and patient out-of-pocket portions.

# **IMPORTANT!**

**Please arrive 15 minutes  
**before** your scheduled  
appointment.**

**ALL paperwork must be  
completed prior to your  
appointment and turned in  
at the window upon arrival.**

# What to Expect During the Evaluation

- Please arrive 15 minutes before your scheduled appointment with all of your paperwork completed.
- Our front office staff will discuss your insurance with you upon arrival if it has not already been discussed over the phone.
- Your evaluating therapist will review your paperwork and come greet you in the lobby.

## During the evaluation:

- Parents are welcomed to come back into the treatment rooms during the evaluation to speak with the evaluating therapist.
- Please share your concerns for your child, medical and developmental history as well as challenges that occur within your daily routine. It is helpful to know how they do in a variety of settings as well, not just at home with you, i.e. school, play dates etc.
- Please share any precautions or limitations your child may have with regard to physical movement, environmental or food allergies.
- The evaluating therapist will complete structured and unstructured clinical observations of your child's movement patterns, sensory processing and age appropriate skills.
- The evaluating therapist will most often provide questionnaires for you to complete during your time and at this point may ask you to fill these out in the lobby while they complete additional standardized testing in a small room at a table (where appropriate). Parents are always welcome to stay for the duration if they prefer and with younger children and infants, that is typical.
- At the end of the evaluation, your therapist will share with you deficits that have been noted and decide whether or not your child requires skilled therapy intervention.
- If therapy is required, it is best to discuss days and times with the office staff before you leave so that they can begin working to find you an appointment time.
- Before you leave, you will receive educational handouts about what to expect from treatment as well as basic information regarding your child's specific difficulties.
- Your therapist will compile test scores and a written report with treatment goals.
- You can expect a report to be mailed to you within 2 weeks or sometimes it will be given to you at your next appointment.

If you have any questions, please feel free to call and ask prior to your appointment, or you can ask the evaluating therapist or office staff upon arrival. We look forward to working with you and your child to help them reach their full potential!

Sincerely,  
The PAT Staff

**NEW CLIENT INFORMATION**

Referred by: \_\_\_\_\_

*Welcome to Pediatric Advanced Therapy (formerly Integrative Therapy Concepts)**We look forward to working with your child. Please provide us with the following information:*Client's Name: \_\_\_\_\_

**ACKNOWLEDGEMENT and ASSUMPTION of RISK**

I acknowledge and agree to have my child (or the child under my care), receive occupational therapy services from Pediatric Advanced Therapy. I acknowledge that there is some risk inherent in the use of the therapy equipment and I agree to assume such risk and indemnify and hold Pediatric Advanced Therapy and its staff, harmless from any and all losses and claims for any injuries or other damages occurring to myself, my child or our belonging.

**MEDICAL TREATMENT RELEASE:**

In the event of an emergency situation at Pediatric Advanced Therapy, I give the staff of PAT my permission to initiate emergency medical services for the child listed above if I am not present during the emergency. My hospital preference is \_\_\_\_\_, however I acknowledge that Pediatric Advanced Therapy will not be held responsible for hospital or EMS providers designated.

**Please note: If your child has any of the following conditions it is mandatory that you remain on the premises during his or her therapy session. These conditions include: Seizures, severe allergies, significant behavioral issues, and any condition that requires medicine to be controlled. This is for the safety of your child and the protection of our staff.**

**ASSIGNMENT OF INSURANCE TO PEDIATRIC ADVANCED THERAPY:**

I authorize direct payment of medical benefits to Pediatric Advanced Therapy. The benefits referred to herein would be payable to me (policy holder) if I did not make assignment and include Major Medical Insurance. **I understand that I am personally responsible to Pediatric Advanced Therapy for any and all payments not covered by the insurance companies, such as co-payments, co-insurance, deductibles and denied services. All payments are due at the time of service.**

The attending therapist is authorized to release any medical information required in the administering of applications for financial coverage for service required. He/she may also send the results of the evaluation and recommendations to my referring physician for coordination and continuity of care. I have carefully completed this form and to the best of my knowledge it does not contain any false, incomplete or misleading information.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**PLEASE COMPLETE THE BACK SIDE/NEXT PAGE!**

## POLICIES & PROCEDURES

2/4/2015

Revised

The privacy of your medical information is important to us. We understand that your medical information is personal and we are committed to protecting it. We create a record of the services you receive at Pediatric Advanced Therapy. We are required by law to inform you of the "class of persons" who will have access to your medical information in order to carry out their job duties. This would include our therapy staff, administrative & billing staff and management. We may use and disclose your medical information for the purpose of treatment, payment and health care operation activities.

All evaluations usually last for one hour. It is the responsibility of the parent/guardian to bring all pertinent information to the evaluation. This includes your completed paperwork, insurance card, Medicaid card, and any medical history and/or past evaluations your child has received. You will need to be present for the first 20 minutes of the evaluation so that the therapist can ask you some questions. The remainder of the evaluation time will include clinical observation and in most cases, standardized testing. For liability reasons, we can only allow the children who are being treated into the gym and therapy rooms. **Siblings MUST stay in the lobby, NO EXCEPTIONS.**

Occupational and Physical Therapy sessions last for 50 minutes. Following the session is a 10 minute window to discuss your child's therapy with the therapist. It is mandatory that you are in the lobby during this 10 minute time frame. Please have your child use the restroom prior to the treatment session. Speech Therapy evaluations last for one hour and treatment sessions are 30 minutes.

If you leave the clinic while your child is in session, you **MUST** leave a phone number where you can be reached. You must return to the clinic before your child's session ends. This allows time for the therapist to speak with you regarding your child's treatment and progress, and also keeps the next client's session on schedule. **Please note: If your child has any of the following conditions it is mandatory that you remain on the premises during his or her therapy session. These conditions include: Seizures, severe allergies, significant behavioral issues, and any condition that requires medicine to be controlled. This is for the safety of your child and the protection of our staff.** If you arrive late for your session, your appointment will still end at the original end time.

Please try to give 24 hour notice when cancelling an appointment. (Occasional last minute emergencies are understood.) If you call after hours, please leave a message on our answering machine. Frequently cancelled appointments (3 within a 6 week period) will be basis for removal from our permanent schedule. When we establish a treatment plan for your child, we base our goals on the child having consistency. If your child misses appointments, they will not meet their goals as quickly, and your child will have to be enrolled in therapy for a longer period of time. The success of our treatment sessions depends on consistency. Medicaid and insurance companies require us to report attendance and show progress towards goals. In the event that you do have to cancel, we strongly encourage you to schedule a make-up appointment, even if it is with another therapist. It is often beneficial for your child when another therapist treats him or her because it gives the regular attending therapist another opinion or ideas for your child. Our staff is always in close communication with each other.

In the event that the therapist needs to cancel, we will reschedule your child with another therapist for continuity of treatment.

Failure to cancel or to appear for an appointment is considered a "NO SHOW." We will charge a \$25.00 fee for "NO SHOW" appointments. After 3 "NO SHOW" appointments or late cancellations your appointment spot will be terminated. Please see our attached cancellation policy for further details.

At Pediatric Advanced Therapy, we will file with your insurance company as a courtesy. It is important for you to understand that when we contact your insurance company to verify benefits, they are only providing us with a quote. You should also call your insurance company to verify your benefits and check your benefits in your plan booklet. Many insurance plans have a limited number of visits for outpatient therapies. It is your responsibility to keep track of the number of visits your child has used. **Verification of coverage is NOT a guarantee of payment. Benefits and payment will be determined by your insurance company once the claims are received.** Any payments not covered by insurance or Medicaid will be the sole responsibility of the parent/guardian.

**All payments are due at the time of service.** We are required under contractual agreements with insurance companies to collect co-payments at the time of service. If you have a deductible that has not been met you should be prepared to pay the full allowable amount at each visit until your deductible is met. (For example, if you have a \$500 deductible, this means that your insurance company will not pay any money towards your medical expenses until YOU, the member, have spent \$500 of your own money towards medical expenses.)

- ⇒ **I understand that I MUST return 10 minutes before my child's session ends.** \_\_\_\_\_ (please initial here)  
⇒ **I understand that I will be billed for "NO SHOW" and late cancellation appointments.** \_\_\_\_\_ (please initial here)  
⇒ **I agree to the payment terms listed above.** \_\_\_\_\_ (please initial here)

**I have read the Policies & Procedures listed above and have received a Notice of Privacy Practices from Pediatric Advanced Therapy.**

Signature of parent/guardian: \_\_\_\_\_ Date: \_\_\_\_\_

### SENSORY PROCESSING SCREENING CHECKLIST

This checklist was designed to be a quick screening tool for sensory processing deficits. Please indicate if your child always responds or greater than 50% of the time responds. If several items are checked throughout many categories or most items are checked in one category, sensory processing deficits may be present.

#### Tactile Processing (sense of touch)

- bothered by clothing tags/textures
- refuses to wear shoes/socks
- avoids messy play (glue,paint)
- refuses to play in sand at beach
- hates haircuts, nail trim, tooth brush
- reacts neg. to touch/pulls away
- unaware of pain or temp.
- prefers to touch vs be touched
- withdraws from splashing water
- revs up after bath
- rubs/scratches where touched
- mouths clothing/objects
- overly fidgets/tugs at clothing
- does not like hands dirty

#### Auditory Processing (hearing)

- covers ears at loud noises
- upset with vacuum, hairdryer,toilet
- difficulty following directions
- appears to ignore name called
- unaware speaks too loudly
- distracted by background noises
- notices noises usually tuned out
- difficulty eating in noisy places
- slow to respond to verbal cues
- escapes from noisy places

#### Visual Processing (vision)

- poor eye contact
- likes to stare at shiny/spinning things
- prefers dark/ avoids bright sunlight
- turns whole body to look at you
- squints/covers eyes in sunlight
- covers/closes one eye when writing
- prefers fast paced tv shows
- misinterprets facial expressions
- illegible writing
- difficulty copying from the board

#### ADL/Play skills

- difficulty completing grooming or dressing in reasonable time/skill
- difficulty using eating utensils
- unable to manage clothing fasteners

- difficulty following or copying gestures
- does not prefer or play with age appropriate toys

### **Proprioception (position sense)**

- overly rough in play
- seems to enjoy crashing
- jumps from unsafe hts./jumps a lot
- holds pencil too hard
- appears clumsy/ poor coordination
- moves stiffly
- slouches at desk or table
- fatigues quickly
- prefers sedentary play
- bumps into others/pushes others
- uses too much force to throw or kick

### **Vestibular (movement sense)**

- on the go/trouble sitting still at table
- twirls self during the day; fidgets
- does not appear to get dizzy
- afraid of heights
- seeks out swinging or climbing more than typical
- poor safety awareness/ use of caution
- avoids movement on playground
- fearful with head tipped back during bath or diaper change
- afraid of elevators or escalators
- leans on others for support when sitting or standing
- moves slowly on uneven surfaces
- loses balance easily
- becomes overly excited w/movement

### **Oral Processing (taste)**

- picky eater (refuses food due to temp or texture)
- gags at/on foods or utensils
- hates tooth brushing
- bites/chews on nonfood items
- avoids foods that require lots of chew
- craves certain foods/textures

### **Olfactory (sense of smell)**

- smells everything
- bothered by smells other do not notice
- refuses food based on smell

### **Behavior**

- difficulty with transitions/ changes in routine
- poor frustration tolerance
- impulsive; poor self control
- overly emotional or sensitive
- frequent tantrums/meltdowns
- unable to calm self after tantrum
- difficulty sleeping thru the night
- difficulty getting started with tasks

### **Social Skills**

- difficulty making or maintaining friendships
- unable to interpret social cues
- does not understand age appropriate jokes
- unable to sympathize with others
- easily upset by criticism
- tries to control others/bossy
- does not share easily/take turns
- does not respect personal space of others

# Cancellation Policy

*Effective March 2, 2018*

Pediatric Advanced Therapy aims to provide the highest quality of care to all patients. In the interest of all of our patients, we are implementing a 24 hour cancellation policy effective January 1, 2017. All cancellations require 24 hours notice to avoid a cancellation fee. By implementing this policy, we will have the ability to replace cancelled appointments with patients in need and provide the best care for our collective patients.

## **Our policy is as follows:**

1. Patients that cancel with more than 24 hours notice will not be subject to a cancellation fee. If a patient cancels more than 3 times in a 10 week period, they are subject to being removed from the permanent schedule.
2. Any patient that no shows for an appointment without a prior call will immediately be subject to a \$25 no show fee.
3. Any patient cancelling with less than 24 hours' notice will be subject to a \$25 cancellation fee.  
\*If a patient schedules and attends a make-up session within the week of (or the week following) the cancellation, the cancellation fee may be waived.
4. If you cancel 2 weeks in a row due to sickness, we require a doctor note in order to attend next session.

***If you have questions or would like to discuss your scheduling needs, please call
